Educational and Training

• Name and type of organisation providing education and training

- 1991: Speciality in Gastroenterology and Digestive Endoscopy, University of Bologna, Italy
- 1986 : Graduation in Medicine and Surgery, University of Bologna, Italy

Title of qualification awarded

- 2017 to present: Aggregate Professor of Hepatology, School of Specialization in Gastroenterology, University of Verona, Italy
- From 1996 to 2017: Aggregate Professor School of Specialization in Gastroenterology, University of Bologna, Italy
- 2012: Scientific National Abilitation for Associate Professor of Gastroenterology
- 2013 awarded for the best scientific presentation "Spleen and Liver stiffness measurement can predict clinical outcome in compensated cirrhotic patients: a prospective study" to the 19th National Gastroenterological Meeting

Personal skills and competence

- Expert in Hepatological disease, in particular in:
 - Liver cirrhosis
 - Hepatocellular carcinoma diagnosis and treatment
 - Portal Hypertension diagnosis and management
 - Elastasonographic methods for diagnosis in hepatology
- Expert in biliary disease, in particular in gallstone disease
- Expert in diverticular disease

TONGUE

SOCIAL SKILLS
AND COMPETENCES

Invited Speaker in many Italian meeting

Invited Speaker in international meeting :

- 3rd International Conference of Gallstones
Tiberias - Israel October 10-14, 1999
- Hepatobiliary Disease: Cholestasis and Gallstones
Cluj-Napoca - Romania June 9-10, 2000
- 9th Congress of the World Federation for Ultrasound in Medicine and Biology
Florence - Italy May 6-10 2000

- Falk Symposium, Gallstone: Pathogenesis and Therapy
Freiburg- Germany January 15-16 2003
- Digestive Disease Week
Washington, USA May 19-24, 2007
- 2nd International Congress on "Prediabetes and the Metabolic Syndrome
Barcelona, Spain April 25-28, 2007
- Advisory Board on Imaging in VOD after HSCT (Madrid, Spain 2017)
- German-French meeting on VOD after HSCT (Baden Baden,
Germany 2017)

ORGANISATIONAL SKILLS AND COMPETENCES

AUTHOR AND COORDINATOR OF ELASTOVOD PROJECT: an Italian multicenter study on the role of elastometry in predicting Hematopoietic Cell Stem Transplantation complications, in particular Venous-occlusive disease

Author and Coordinator of ElastoPan Project: multidisciplinary study on the role of elastosonography in predicting pancreatic fistula after pancreatic resection for pancreatic tumor

Organizer of Italian Gastroenterological meeting:

- 2013 : Hepatocellular carcinoma, Bologna
- 2013 : From Liver fibrosis to Portal Hypertension, Bologna,
- 2014 : Diverticular Disease, Bologna
- 2014 : Celiac disease and gluten related disorder, Bologna
- 2014 : Early morning course on « Ultrasound in bowel disease » at 20 National Meeting of Digestive Disease (FISMAD)
- 2015 : Gastrointestinal disease alcohol related and psychosocial aspects, Bologna
- 2015 multidisciplinary management of abdominal emergency, Bologna
- 2016 : Acute on chronic liver failure, Bologna
- 2017 : Alcoholic liver disease and liver transplantation, Verona
- 2017 : GERD an update, Verona
- 2017 : XIII Convegno Nazionale : Aggiornamento in Epatologia e Gastroenterologia (13-14 october), Verona
- 2018 : XIV Convegno Nazionale : Aggiornamento in Epatologia e Gastroenterologia (4-5 october), Verona
- 2018 : Focus in Hepatic Encephalopathy 18 October Verona

Involvement in multicenter studies

Italian:

- **ITA.LI.CA:** multicenter study on HCC (up to 2017)
- **REMAD :** multicenter italian study on diverticular disease (up to

2017)

- **Registro EE** : Registro dei pazienti con Encefalopatia Epatica manifesta.

European

- **Spleen stiffness measurement with Fibroscan** (ClinicalTrials.gov Identifier: NCT02180113)
- **Clever Study**: multicenter study on assessment of portal hypertension by ultrasonographic contrast agent
- **ROAD trial** : International multicenter study on prevention of acute diverticulitis
- ...trial NASH

Consensus and Position Paper:

- Italian consensus conference for colonic diverticulosis and diverticular disease (2014)
- Liver Stiffness Study Group 'Elastica' of the Italian Association for the Study of the Liver (AISF) (2010)
- 1st Rome H2-Breath Testing Consensus Conference Working Group. Methodology and indications of H2-breath testing in gastrointestinal diseases: the Rome Consensus Conference (2009)
- Standards for diagnosis of gastrointestinal motility disorders. Section: ultrasonography. A position statement from the Gruppo Italiano di Studio Motilità Apparato Digerente (2000)

TECHNICAL SKILLS

AND COMPETENCES

With computers, specific kinds of equipment, machinery, etc.

Expert in Ultrasound machines for:

- a) abdominal ultrasonography and interventional ultrasonography,
- b) use of contrast agent in ultrasound

Expert in Elastography: Transient elastography (Fibroscan) and shear wave elastosonography

ADDITIONAL INFORMATION

Member of following scientific associations :

- Associazione Italiana Studio Fegato (AISF)
- Gruppo Italiano Malattia Diverticolare (GRIMAD)
- European Association Study Liver (EASL)
- Vascular Liver Disease Group (VALDIG)

- Associazione Italiana Gastroenterologi Ospedalieri (AIGO)

National advisor for the Italian Group Study of Digestive Motility (GISMAD) for two terms.

National advisor for editorial activities commission of Italian Society of Gastrointestinal Endoscopy (SIGE)

Referee for some international journals: The New England Journal of Medicine, GUT, Hepatology, DLD, WJG, Oncotarget, BMC Gastroenterology etc...

Authors of 112 papers published on peer review journals (Pub-Med)
