Alessandro Antonelli  
Andrea Minervini  
Bernardo Rocco

## RATIONALE

### LEARNING OBJECTIVES

- To extend the knowledge of robotic assisted renal surgery providing indications and limits of the technique, as well as optimize perioperative, functional, and oncological outcomes
- To present live and re-live surgeries using different surgical approaches
- To present the latest scientific evidence on renal cancer and other emerging issues in urology

## EDUCATIONAL GOALS

Technical-professional contents (knowledge and skills) specific to each profession, each specialization and each ultra-specialised activity, including rare diseases and gender medicine

## CME CREDITS

Certificate awarding 9,1 CME credits will be e-mailed within 90 days after the end of the congress. The following medical sciences have been accredited for this Congress: Urology
